

SAVE THE DRAGON FUNDRAISING OPTIONS

In order to create a sustainable development cooperative that will be active in Hamilton for years to come, we are asking community supporters to contribute either through membership, or through purchasing a Sky Dragon Bond.

Bonds will enable the Coop to pay off debt and drastically reduce its monthly interest payments. Memberships will allow ongoing support through smaller donations, or through larger donations that are eligible for a tax receipt. Both bond purchases and all classes of membership will entitle the purchaser to become a voting member of the reorganized multi-stakeholder coop that will be created in the coming year.

1. Sky Dragon Bond

- 2% interest paid annually each November 30th
- 3 year minimum commitment, with the understanding that after this point the bond stays with the Coop until the Coop dissolves, the building is sold, or the bond-holder needs to withdraw the money
- Bond-holders become members of the Coop for as long as their bond remains with the Coop
- Bond-holders can attend a yearly AGM, and can vote a representative to the Coop Executive Board
- Receive a 10% discount on all purchases, rentals, etc.
- The goal in 2 years is to pay out both of the Coop's mortgages through Sky Dragon Bond sales
- All Sky Dragon Bond monies go exclusively to eliminating the Co-op's debt, not to operating costs

2. Community Membership

- Open to anyone
- Community memberships are renewable yearly, and while current afford membership in the Co-op
- All community memberships, while current, allow the holder to attend a yearly AGM and to vote a representative to the Co-op Executive Board
- All community members get a 10% discount on all Coop purchases, rentals, etc.
- Current members of the Ethical Consumer's Cooperative automatically get a one-year community membership in the restructured Coop
